Email: karrilokesh2006@gmail.com
Phone: +91 9398196522

SKILLS

Languages: C, C++, Python, Java.
Tools/Platforms: MongoDB, AWS, Docker, Azure, GCP, Kubernetes, Jenkins, GIT, Linux.
Soft Skills: Problem-Solving, Time management, Leadership abilities, Adaptability.

WORK EXPERIENCE

Syncgaze | *Software Engineer* Oct'25-Mar'26

- Managed and optimized backend APIs using Node.js and Express.js, ensuring secure data processing and reliable server performance.
- Worked with the frontend team to connect APIs, improving response time and reliability.
- Contributed to the successful delivery of a client focused car rental management platform within a startup environment.

PROJECTS

DevOps Learning Portal | [Git|Link](#) | *React, Node.js, Express.js, Azure, Docker, Jenkins, Maven, AI Integration* May'26

- Developed a full stack AI powered DevOps learning portal designed for students to learn and practice core DevOps concepts through interactive modules and practical workflows
- Integrated DevOps tools including Docker, Jenkins, GitHub Actions, and Apache Maven to demonstrate CI/CD pipelines, build automation and containerized deployment practices.
- Implemented AI powered assistance, personalized learning features, quizzes, progress tracking, and dashboard analytics to enhance user engagement and simplify DevOps education.

Expense Tracker GUI | [Git|Link](#) | *HTML, CSS, JavaScript, React, Node.js, Express* Nov'25

- Created a full stack expense tracker with a user-friendly GUI for managing daily expenses and financial records.
- Built backend services using Node.js, Express.js, and MongoDB for secure data storage and real time updates.
- Added authentication, AI features, analytics, and responsive interactive functionality.

TRAINING

Cipher Schools | [Data structures and algorithms using C++](#) Jun'25 – Jul'25

- Built a strong foundation in core data structures like arrays, linked lists, stacks, queues, trees, heaps, graphs, and hash tables using C++.
- Solved 100+ problems on algorithms including sorting, searching, recursion, dynamic programming, and greedy approaches, improving logical thinking and coding efficiency.
- Analyzed and optimized code for better time and space complexity, boosting overall performance by up to 40% in competitive programming challenges.

CERTIFICATES

Microsoft Azure Administrator Associate Microsoft	Jun'26
Oracle Cloud Infrastructure 2025 foundations associate Oracle	Mar'26
Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate Oracle	Mar'26
Git and GitHub Cipher Schools	Jun'25
Data Structures and Algorithms Cipher Schools	Aug'25

ACHIEVEMENTS

- Secured 6th place in the Nationwide IIT Ai Imagen Hackathon finals among 800 teams.
- Achieved 4th place among 600 contestants in the Zerodha Varsity Finance Quiz.
- Successfully coordinated a workshop based on cybersecurity at Lovely Professional University called HACKETHICS.

EDUCATION

Lovely Professional University Bachelor of Technology Computer Science and Engineering; CGPA: 6.6	Phagwara, Punjab Aug'23 –present
Aditya Junior College Intermediate MPC; Percentage: 69%	Srinagar, Kakinada May'21 – May'23
Ashram Public School Matriculation Percentage: 80%	Nagamalli Thota Jn., Kakinada Mar'20 – Mar'21
